

Work Responsibility

Sarthak – Frontend Development (UI/UX)

Responsible for implementing the user interface using React.js and Tailwind CSS, including all pages such as login, registration, clinic dashboard, patient views, and overall responsiveness.

Muskan – Backend Development & API Integration

Responsible for building the complete backend using Node.js, Express.js, and MongoDB, including database schema design, RESTful API development, Firebase authentication integration, GeoJSON location search, review system, and connecting all backend APIs with the frontend.
